

Central Coast GIS User Group

11/14/2012

Minutes

Attendance: Lee, Doug, Stacy, Eli, Pat, Rebecca, Jennifer, Debbie, Neal, Farhad,

Current projects include: Electric networks, Annexation, National Atlas, Arctic fish, Territorial Sea Plan, less shellfish and more marine, FGDC metadata, geospatial platforms, arctic SDI, 10.1 seminar (sharing data), GeoServer, Historic topo geotiffs, WEEMO, OR Islands Wilderness Area

Presentation: Lee showed the geographic capabilities of R and approaches to population statistics, also the benefits of easily repeatable R scripts for consistent work from year to year

Annual Review: No suggestions for changing the format or time of the bi-monthly meetings. Short discussion of the Web Mapping Meeting and plans for doing a Geostatistics workshop this year.

Map Critiques: Sandy brought an interesting atlas including many Pacific Islands, Eli brought a handkerchief with a Yosemite topo map.

Next Meeting: Lincoln City on January 9, 2013
