

CCGISUG Meeting Notice

Wednesday, March 13th

12 – 1:30pm

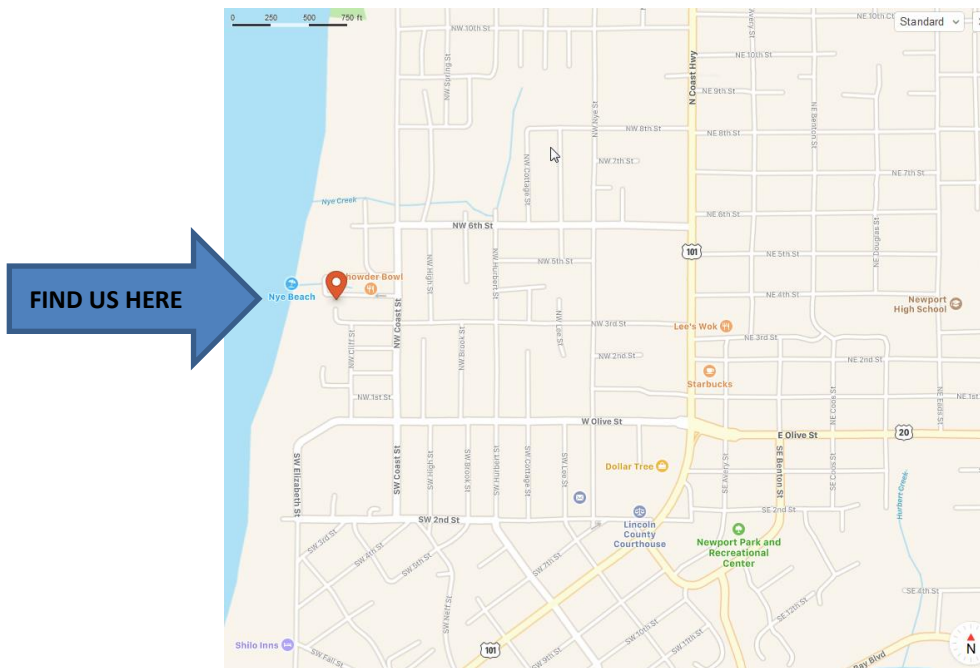

Newport Visual Arts Center – 3rd floor meeting room

777 NW Beach Dr

(Nye Beach)

Newport, OR

Take either the stairs through the building or one of the 2 outdoor stairs to the 3rd floor.

Please join us for our first meeting in some time. We want to meet all of the new GIS folks in our community and hear what projects everyone is working on. We know there are a wide variety of uses for GIS (of course), but how is it being used here in our local area? We will also be having a bit of fun with map critiques. Bring one you have created or one you have found to be interesting. We like them all.

And we'll be talking about how to get us fully engaged again!
